
January Featured Tech Tool

Tennessee Electronic Library

TEL (Tennessee Electronic Library) provides access to over 400,000 electronic resources, including magazines, scholarly journals, podcasts, videos, e-books, test preparation materials, federal census records, Tennessee primary source materials, and much more!

Over 1.2 million searches are performed each month across the various TEL databases.

SEARCH INFORMATION BY GRADE LEVEL K-12
AND BY SPECIFIC CONTENT AREA

Research in Context (New!)

Designed for middle school students, provides access to reference works, biographies, magazine and journal articles, primary source documents, and multimedia.

Learn more about TEL from the video tutorials created by

CMCSS Tech Coaches on the [Empower Students YouTube Channel](#).
